Layout Sketch Grid

Each square is roughly **1 × 1 foot** at 100% print size — a standard folding table is about 6 squares wide and 2½ deep. Sketch before setup night, then use the bottom row below as your checklist.

Marker to draw on the grid	Where does it go?	Why buyers need it
Driveway arrow →		points walk-in traffic straight to the tables
X — cash box table		near the exit, never out of your sight
▢ — big items (bikes, furniture)		street-side, visible from the car door itself
P — parking spot		keeps the street (and your neighbors) calm
